

**CAS SCIFINDER
DISCOVERY PLATFORM™**

BRING YOUR RESEARCH IDEAS TO LIFE FASTER

April 18th

10am CET

Microsoft Teams

I would like to invite you to **CAS SciFinder Discovery Platform** update training that will be focused on the most useful capabilities and the latest updates.

Agenda for the webinar

- Reference search tips and tricks
- Substance and reaction search
- Retrosynthetic analysis
- New content: analytical methods, formulations, life science

The participants of the webinar will receive a certificate.
